

Description

The iConverter LGX Adapter (8099-0) provides an easy and cost-effective method to adapt passive iConverter CWDM Multiplexer modules to existing LGX chassis installations.

The adapter fits over the front panel of an iConverter CWDM module and fastens to the module by tightening the thumb screw on the module. Once the adapter is mounted on the iConverter module, it can be plugged into a standard LGX chassis.

Installation Procedure

Step 1:

Insert the iConverter CWDM module through the rear of the LGX Adapter.

LGX Adapter and iConverter CWDM Module

Step 2:

Hook the top of the iConverter CWDM module under the mounting flange on the LGX Adapter.

Step 3:

Secure the module by fastening the front panel thumbscrew (push in and turn clockwise to tighten) to the front of the LGX Adapter.

Module installed on the LGX Adapter

To remove the iConverter CWDM module from the LGX Adapter, turn the front panel thumbscrew until it is disconnected from the adapter. Lower the iConverter CWDM module so it clears the mounting flange and remove the module through the rear of the adapter.

Warranty

This product is warranted to the original purchaser (Buyer) against defects in material and workmanship for a period of two (2) years from the date of shipment. A lifetime warranty may be obtained by the original purchaser by registering this product at www.omnitrone-systems.com/support within ninety (90) days from the date of shipment. During the warranty period, OmniTron will, at its option, repair or replace a product which is

proven to be defective with the same product or with a product with at least the same functionality.

For warranty service, the product must be sent to an OmniTron designated facility, at Buyer's expense. OmniTron will pay the shipping charge to return the product to Buyer's designated US address using OmniTron's standard shipping method.

Limitation of Warranty

The foregoing warranty shall not apply to product malfunctions resulting from improper or inadequate use and/or maintenance of the equipment by Buyer, Buyer-supplied equipment, Buyer-supplied interfacing, unauthorized modifications or tampering with equipment (including removal of equipment cover by personnel not specifically authorized and certified by OmniTron), or misuse, or operating outside the environmental specification of the product (including but not limited to voltage, ambient temperature, radiation, unusual dust, etc.), or improper site preparation or maintenance.

No other warranty is expressed or implied. OmniTron specifically disclaims the implied warranties of merchantability and fitness for any particular purpose.

The remedies provided herein are the Buyer's sole and exclusive remedies. OmniTron shall not be liable for any direct, indirect, special, incidental, or consequential damages, whether based on contract, tort, or any legal theory.

Environmental Notices

The equipment covered by this manual must be disposed of or recycled in accordance with the Waste Electrical and Electronic Equipment Directive (WEEE Directive) of the European Community directive 2012/19/EU on waste electrical and electronic equipment (WEEE) which, together with the RoHS Directive 2015/863/EU, for electrical and electronic equipment sold in the EU after July 2019. Such disposal must follow national legislation for IT and Telecommunication equipment in accordance with the WEEE directive: (a) Do not dispose waste equipment with unsorted municipal and household waste. (b) Collect equipment waste separately. (c) Return equipment using collection method agreed with OmniTron.

The equipment is marked with the WEEE symbol shown to indicate that it must be collected separately from other types of waste. In case of small items the symbol may be printed only on the packaging or in the user manual. If you have questions regarding the correct disposal of equipment go to www.omnitrone-systems.com/support or e-mail to OmniTron at intlinfo@omnitrone-systems.com.
